Alignment, attunement and acceleration for light beings dedicated to shaping the shift.

Join Urtema Dolphin for an evening of guided meditation, activations of keys and codes using sound vibration, toning, movement and visualisation to assist in the alignment of the energy centres to facilitate the assimilation of the high frequencies of light which are being made available at this immensely powerful time.

The activations and channelled messages from the Star Council of Light will assist in the remembering of blueprints, restructuring of the cells, light body and DNA.

Urtema will be working with Goddessences - high vibrational aura sprays gifted to her by her guides - to assist us as we shift into the Fifth Dimension.

Goddessences will be available to purchase on the day.
